

## Working with Dad: beyond life and death

Barbara Neill is a professional hypnotherapist from South East England. Barbaras father, Bob Neill, was a pioneering hypnotherapist, whose gift was discovered as early as 1943. In Working with Dad Bobs story is told in his own words. Bob was always open to discovering his spiritual gifts and, with his guidance Barbara has followed in her fathers footsteps. She relates some of the remarkable occurrences in her life, from encounters with angels, a near death experience and some amazing synchronicities, to her training as a hypnotherapist, when she built upon the foundations of her fathers technique. Although, he passed away in 2006, Bobs legacy continues. Working with Dad will tell you how.
