

FEAR IS A STATE OF MIND. . . UNTOLD NUMBERS OF HUMAN BEINGS HAVE BEEN ABDUCTED BY THE TERRORIST HANDS OF THE ULTRA-TERRESTRIALS YOU COULD POSSIBLY BE NEXT! It is not uncommon for those who are touched by the unseen and the unknown to fear that which is not human or man made. That would include now literally thousands of cases where ordinary individuals have been touched by the bony hands of UFO occupants who come in the dead of night and remove the unsuspecting from their homes and their bedrooms and subject them to all manner of nightmare from which there is NO ESCAPE! UFO abductees come from all background and are of all nationalities, from all religious points of view, and they can just as easily be rich or poor. And of course, they can be both men and women. Most of them have one thing in common -- they wish they had never undergone this dreadful, unearthly, experience! In NIGHTMARE ALLEY, the reader will come to grips with the top cases in the files of the UFO Review and UFO Case Book. William Kern, long time master of the strange and the unusual, takes us around the bends of our mind with the help of B.J. Booth, the prestigious editor of UFO Casebook. Sure, you have probably heard of the Betty and Barney Hill abduction case, in which an interracial couple were both taken on board a craft that seemed to be of extraterrestrial origins. This is amplified with the revelation of a star map which the couple could not have known anything about, which pointed out the home planet of these unearthly creatures. HAND PICKED ENCOUNTERS Each encounter has been updated with the latest information and is certain to provoke reflexes of their own so that you may want to sleep with the night on for several nights after reading the gripping tales that will propel you into the darkest voids of the human subconscious.
