The Fit Is IT!! How Custom Club Fitting Matters To YOUR Golfing Dreams

The purpose of this eBook is to light a spark within a golfer who does not really understand what True Custom Club Fitting is. There are True Custom Club Fitters out there who have an absolute Passion to help golfers play to their potential. And the sad truth is that many, many golfers keep buying new clubs ever year or two hoping to find magic based on the millions of dollars that the golfing industry spends on marketing one-size-fits-all golf clubs.The truth though like many truths in the world, often hidden from most is that True Custom Club Fitters can create this magic. They do it by one-one-one personal interactions with golfers. They create and build golf clubs that are unique for each individual golfer. And when they create this magic they are as giddy as the golfers are about the results! I believe reading this eBook will provide you some glimpses into the world of Custom Club Fitting and give you the incentive to find out more. Not primarily because someone like me will make money from you doing so because it is a lot more fun to play the golf of your dreams!
