

Last Breath

The suspenseful and emotion-filled second book in the Rayne series begins where the first book ended... with a dying man whispering four stunning words into Shaley OConnors ear. Should she believe him? After two murders on the Rayne concert tour, Shaley is reeling. But she has no time to rest. If the dying mans claim is right, the danger is far from over. Shaleys quest for the truth leads to the mysterious and wrenching past of her mother and father. Could what happened to them so many years ago threaten Shaleys life now?
