

Peace and Plenty: Finding Your Path to Financial Serenity

When money is plentiful, this is a mans world. When money is scarce, it is a womans world. Unearthed in a 1932 Ladies Home Journal, this quote is the call to arms that begins PEACE AND PLENTY, Sarah Ban Breathnachs answer to the worlds-- and her own personal-- financial crisis. As only Ban Breathnach can, she culls together this compendium of advice, deeply personal anecdotes, and excerpts from magazines, books, and newspapers-- particularly those of the Great Depression-- to inspire readers who are mired in todays financial difficulties. Focusing on her own personal path, Sarah Ban Breathnach will relate never-before revealed details about how she fell from the financial top to the bottom. Readers will immediately see how deeply she understands the plight of those trying to maintain a happy and comfortable home, while at the same time not even knowing if they will be able to make the mortgage to keep that home. Sarah has proved to be the voice of comfort for years to women who are spiritually bankrupt, and now she will reach to those who are financially strapped, showing them how to pull themselves out of their psychic and fiscal crises while providing deep comfort and reassurance throughout.
