

Faith-Based Reconciliation: : A Religious Framework for Peacemaking and Conflict Resolution

FAITH-BASED RECONCILIATION A Moral Vision That Transforms People and Societies Written by an experienced practitioner in the field of faith-based diplomacy who has worked in some of the worlds roughest neighborhoods, this book begins with the premise that moral vision plays a key role in shaping individuals and communities. Its primary message is that the Abrahamic moral vision shared by Jews, Christians and Muslims, which is embodied as faith-based reconciliation, is a fresh approach to intractable identity-based conflict, an alternative to religious extremism and an ancient paradigm needed for the twenty first century. A must read for todays policymakers and for political, religious and social leaders.
