

## Play Better Golf By Next Weekend Volume 3: The Ultimate Mini-Guide To Golf: The Swing

Play Better Golf By Next Weekend Volume 3: The Ultimate Mini-Guide To Golf: The Swing Volumes 1 and 2 of this series looked at the very basics of the game of golf and then attempted to understand the game from the beginners perspective. Now we move on and examine, in some detail, arguably the most important and significant aspect of the game, the swing. It is difficult to imagine a situation where an aspiring golfer would be able to make much headway without mastering, so far as he was able, this most fundamental requirement. Too many golfers, seemingly, simply want to hit the ball as hard and as far as possible, in the belief that all other aspects of the game will come right so long as their drive, particularly off the tee, looks good. Volume 3 embraces all aspects of the swing, from the stance and grip to the follow-through and everything in between, including a section on adopting the right mental approach as we strive to be the best that we can be. 5,553 words approx/23 pages approx
