

## Possessed by Ghosts: Exorcisms in the 21 Century

Wanda Pratnickas book describes an unacknowledged problem with which the majority of mankind is struggling, namely possession by ghosts. Ghosts are the souls of people who have died but who have not resolved to pass through to the other side of deaths curtain. By remaining among the living they are the cause of anxiety, depressions, mood swings, explosions of negative emotions, mental illnesses and often also of physical illnesses.
