

The BIG BOOK OF BIBLE PROPHECY is BIG. It contains a collection of my most important commentaries. These commentaries have been published throughout my other books. These are the bible prophecy commentaries that you absolutely must read in order to recognize the crucially significant world events that are about to overtake us! End time events are upon us. This book will help you to understand what direction that world events are taking and will also help you to avoid common misconceptions that are often taught elsewhere. God's word has the power to save your soul. If you live in the old world or in particular if you live in Israel then this book has the power to save your life.
