They had big plans for sophomore year, until their mother is slaughtered during a botched robbery. Forced to move with their estranged father, Kendal becomes fixated with finding their mother's killer, while Kennedy tries to settle into life with their dad. After discovering a trail of unsettling clues, the pair begin to believe their mother's death was part of a conspiracy. As the teens' investigation digs deeper into their mother's enigmatic past, a mysterious agency stumbles upon them, and the twosome learns they are Cuspian individuals gifted with supernatural abilities. Kendal and Kennedy are soon faced with the challenge of staying concealed from the shadowy organization hell-bent on enslaving powerful Cuspians, while trying to solve a murder. Family secrets, bloody breadcrumbs, and deadly obsessions guide the twins through tough decisions and awful mistakes. Desperate for their lives to return to normal, the pair find normal is not written in the stars for either one of them.
