

Strega (Strega Series)

Foreword Firsts 2013 Book Awards Finalist. When high school senior Jay Bonifacio finds her grandmother brutally murdered in their small-town home, the scar left by the death of her parents years earlier is ripped open. She is devastated, but she is not nearly as terrified as she should be. Jay is a Strega. Like her mother and grandmother, she is a descendant of the original Strega of ancient Etruria, gifted women of the woods bestowed with godly power, and the world's first witches. With the truth withheld from her all her life, Jay is blindsided when her power is unbound. Demons are coming for her. They killed the people she loved most to get to her, and they won't rest until she is dead. Forced to embrace her identity if only to survive, Jay uncovers a past life when her ruthless enemy's hatred for her was born, and she rediscovers an eternal love that has burned throughout lifetimes. Fighting for her life, she is drawn back into an ancient battle between the virtuous and the wicked that threatens to destroy her and all of humankind.
