

Recalculate: Directions for Driving Performance Success

Are you in a time of transition? Do you find it difficult to navigate change? Are you ready to learn how to Recalculate through any challenge? If you answered yes to any of these questions You Have Reached Your Destination! In this book you will learn how to: Take care of business Deliver your best work Enjoy a great quality of life and Maintain excellent energy - while Recalculating when things do not go as planned. In Karen Jacobsens RECALCULATE - Directions for Driving Performance Success she gives directions of a different kind; for us to be able to perform at the highest level in our field, without sacrificing every other area of life. For Karen, success has to be the whole picture - Business, Well-Being, Delivery and Quality of Life, - and this book covers them all. The checklists for these four areas can be used as your road map to elevating your effectiveness, either all at once, or by choosing one to work on at a time. If you are dealing with overwhelm across the board, this book will provide a practical guide for being the person in the drivers seat of your life. If your organization is looking for a set of tools to develop your people, this book gives a step by step guide to navigating change and driving results. Recalculate - Directions for Driving Performance Success is filled with tools The GPS Girl uses on a daily basis as a mother, wife, business owner, international speaker, concert performer and the voice in over 400 million GPS and smartphone devices around the world; to keep herself on track, especially when things do not go as planned.
