

Reflections

A Father and Son Initiative. Real life experiences and lessons based on biblical truths learned through creative activities. Actual experiences make lessons more profound and memorable than just reading text. This journey can involve a father and son or a group of fathers and sons together.

These eight active lessons can be completed within one week, or stretched out by doing one activity lesson per week or per month. Each event has a significant life lesson that the sons will remember their entire lives. Regardless, if you are a proactive father or not, this is an opportunity for you to engage with your son like never before. Reflections is innovative, original, and challenging. Are you the man you want your son to become?
