Be ready to give a reason for the hope that is in you, wrote the apostle Peter. That is what apologetics is all about. Here is a concise, informative guide for anyone looking for answers to questions of faith and reason. Peter Kreeft and Ronald K. Tacelli have condensed their popular Handbook of Christian Apologetics, summarizing the foremost arguments for major Christian teachings and offering compelling responses to the most common arguments put forward against Christianity. In this book you'll find answers to questions about faith and reason: the existence of God, creation and evolution, predestination and free will, miracles, the problem of evil, Christ and the resurrection, the reliability of the Bible, life after death, heaven and hell, salvation and other religiously objective truth. The Pocket Handbook of Christian Apologetics is the place to begin for people with questions about Christianity.
