

This relationship with your affair accomplice started innocently enough. You were sure you knew what it was and what it wasn't. You were sure you had it under control. Yet now you are here...in a situation that is both messy and causing a lot pain. This book meets you where you are. It gives you the tools you need to figure out where you want to go. Get there while minimizing collateral damage to all the hearts involved. Some of the questions answered in this book: I love my spouse, why am I hooked on this other person? Do I want my spouse or my affair accomplice? How can I be 100% sure of my choice? What is love anyway? I thought I knew. What creates the most love and passion in my life? How can I save my marriage from this affair? How can I save my own sanity? Can I keep both my spouse and my affair accomplice? How do I make my affair accomplice go away? Why is this happening to me? How can I fix it? Navigating to the right choice for you, and the best outcome for all involved, starts with taking the personal responsibility, and the COURAGE, to look in the mirror. This book is a step into sharper clarity, greater ownership, and better outcomes.
