

Saucers of Fire: Nazi UFOs, The Hollow Earth, The Axis Shift, and Other Apocalyptic Assertions From the X-Files of Saucerian Press

New Saucerian Press proudly presents *Saucers of Fire: Nazi UFOs, The Hollow Earth, The Axis Shift, and Other Apocalyptic Assertions* one of the last books ever written by the iconic ufologist, publisher, and bestselling author, Gray Barker, whose writing influenced the plotlines of shows like *Star Trek*, *Futurama*, *The X-Files*, *Twin Peaks*, *The Outer Limits*, and *The Twilight Zone*. Shuttling between his Manhattan publishing office and his secluded cabin deep in the hills of his home state of West Virginia, the prolific Barker single-handedly kept public interest focused on UFOs during its leanest years, and introduced many themes still discussed and investigated by today's paranormal and conspiracy researchers: the Roswell UFO Crash, *Men in Black*, *Ancient Aliens*, Nazi UFOs, the Philadelphia Experiment, the Flatwoods Monster, Mothman, MJ-12, secret underground bases, little green men, and the Maury Island Incident. *Saucers of Fire* and its sister books, *Serpents of Fire*, *Saucers of Fear*, *Time-Traveling Through Swamp Gas*, *Bigfoot Shootout*, *The Ghost of the Philadelphia Experiments Return*, and *When Men in Black Attack: The Strange Case of Albert K. Bender*, were assembled by Barker shortly before his death, using material culled from deteriorating copies of his notoriously speculative newsletters and gossipy syndicated column for years the most widely read national column on UFOs, *Fortean*, and weird science. This unique edition of *Saucers of Fear* features a special introduction by Barker, as well as reports from his field investigators, who in true newsletter style shed urgent, much-needed light on riddles such as: UFO abductions, missing time, manmade saucers, alien babies, the Inner Earth, Hitler's escape, the JFK assassination, ancient astronauts, the impending polar shift, brainwashing, and surveillance. The truth can be scary as

hell Dan Akroyd Like God knocking you
out Muhammad Ali Carl Sagans best
adversary William Shatner Turns on the
lightbulb Jackie Gleason
