

## Saviour

Sometimes the strangest friends can be found in the strangest places. For Yuki, the cave is a sanctuary. Its somewhere she can shelter from the deadly heat of the sun until winter comes. If she can survive that long. When a young girl, Alice, finds her, Yuki is drawn into a friendship she hadn't realised she needed. But how long before the prejudices of the outside world encroach on their friendship? And can Yuki survive when they do? Saviour is an urban fantasy short story, around 19 pages long.
