

## Adult Coloring Book Seattle

This book includes images of Seattle, Washington, including the historic downtown district, banks, restaurants, parks, the railway station, and other interesting sites. The pictures provide forms to be colored by adults who wish to relax and relieve some stress. Its an opportunity to get into a pleasant place. Because the images were created from photographs, they are not typical coloring book pictures with simple outlines to be filled-in. Many of the pictures include a considerable number of gray or black areas which cannot be easily colored. The images are artistic and imaginative, and allow for coloring of some portions of each selection.
