

## Senseless: The Escape (Senseless Tales of the Four Kingdoms Book 1)

From Amazon Bestselling Indie Author, M. Stone, comes the tale of 16-year-old Sienna, heiress to the last of the freelands. Sienna finds herself weary of the heightened senses native to her tribe and only wishes for a moment of solitude away from the castle walls and prying ears. But she begins to fear she has gone too far this time and soon finds herself captive to the Waterlanders, a race of people at war with her own Desertlander tribe. As she is forced onto a boat and into another country, she fears she will never see her family or her homeland again. Her senses are at once overwhelmed with the new scents and sounds of the strange land, yet she knows she must find a way to conceal her true identity from her captors and return home. Will her heightened senses be enough to help her? Will she be able to outwit her captors? And who is Caleb, the giant Man Boy responsible for her capture?

Can he help her or is he just another enemy intent on destroying her people? Senseless: The Escape (Senseless: Tales of the Four Kingdoms Book 1) is a fast-paced adventure with vivid details and pages full of suspense that will leave you breathless for the next chapter.
