

Full of love, romance and a whole heap of flirty fun, Smitten is a sexy new series. It will make you weak at the knees. When Georgia meets Nik on her summer holiday, she's sure he's too good to be true. He's gorgeous, with god-like abs and an adorable English accent. Then she discovers that he's actually a member of an obscenely wealthy Russian family – and he wants to get to know her better. Nik catapults Georgia into a world of private yachts, fast cars and expensive jewellery. Having a billionaire for a boyfriend certainly comes with benefits ... but it also comes with a price. How long will it take before life in the fast lane spins out of control?
