Something Else Seeing - The Journey by M. Irwin is a unique graphic novel into the world of artist and author Mark Irwin and the world about him and us. A world we see and a world that remains hidden but is alive in the now time of the past, present, and future and in the space of God is all but we make Him many. And like the sailor in the story, an anonymous U-Boatman in his steel war boat, such is the exquisite existence and hard journeys we travel.
