The rich Gaudiya Vaisnava Heritage beheld its true herald when Srila Bhaktisiddhanta Sarasvati Thakur appeared on the face of the Earth. He was a path-breaking revolutionary, courageous visionary, perfect hermeneutic, enriched intellect, personified energy of Lord Chaitanya, erudite leader, lion-like Gaudiya Vaisnava preacher with impeccably profound knowledge and complete surrender unto the Lord. Srila Bhaktisiddhanta Sarasvati Thakur was initially guided by his father, Srila Bhaktivinoda Thakur and later he took initiation from the Vaisnava stalwart, Srila Gaura Kisora Dasa Babaji Maharaj. With the onset of Gaudiya Mission, Srila Bhaktisiddhanta Sarasvati Thakur became the fountainhead of a sublime era of Krishna Consciousness all over. He re-established the foundational axiom of Gaudiya Vaisnava principles through rigorous preaching and his bona fide authoritative dissemination of knowledge permeated swiftly within all. His discourses, conversations and lectures were carefully preserved by his dear disciples. Sarasvati Sanlap, The Uncommon Dialogues is a nectar trove of intricate Vedic knowledge, sheer spiritual inspiration and guidelines for all to become spiritual warriors. Every person reading this book will definitely be boosted to fight the odds in devotion. Apart from being the living encyclopedia, Srila Sarasvati Thakur was a living embodiment of the teachings of Lord Chaitanya and the six Gosvamis, and a valiant Acarya. Isvara dasa, the publisher and compiler of the book proudly flaunted the book by quoting: Being very pleased to have heard Srila Prabhupadas words, Professor Johanns began to say as he took his leave that he had met many Hindus, saints, sannyasis, and learned scholars in India, but all of them, more or less encourage anyabhila?a, or the desire for material enjoyment, and that their

honesty and learning is borrowed that is, it is only book knowledge used to impress people. But today he was very, very glad to have met with a genuine and practical pa??ita and saintly person. Srila Prabhupada spoke from the heart, he said, and it was clear that he believed his own words so much that without being a self-realized soul such self-confidence could not arise. I also found in him the unique capacity to make others believe the truth he has realized. This is possible only to a great personality who is empowered by God. According to the entire Publication team, this book has the potency to fire up and energize the readers to face and overcome many hindrances in devotion and further impel them to inculcate devotion with unfathomable love and true sincerity. This edition is an exclusive corroboration of essential and uncommon instructions of Srila Sarasvati Thakur which is a truly fructified fruit of devotion. The readers will get a guaranteed dose of spiritual impetus.
