Do you have goals youd like to achieve, dreams youd like to fulfill, or challenges youre grappling with? Do they seem insurmountable, out of reach, or too scary even to try for? Whether its something to do with love, work, or yourself, it all comes down to your inner story. In this book, Amy OBrien brings you through a fun, ten-step process that follows a movie-making framework. You identify the story youve been telling yourself, and begin to write a more empowering life script. Using the three-act structure of film as a guide to personal transformation and the classic film The Wizard of Oz as a blueprint, you will draw inspiration from over a dozen films and stories, and you will learn to: Get clearer about what you want for your life (and what you dont want) Identify the voice of your inner film critic and tune in to your wise, inner film director instead Build self-confidence, self-esteem, and self-love Tune into and trust your intuition Become more assertive Define and achieve success your way.
