

## The Psychic Biker Meets the Extreme Ghost Hunter

In *Psychic Biker Meets Extreme Ghost Hunter*, Paul Green and Stephen Lambert have undertaken the unenviable task of spending many days and nights searching for something, which, for the most of us, is not part of everyday life experience. In this book they take a candid look at the world of ghost hunting and the paranormal industry. They also reveal their thoughts on ghosts and hauntings, as they seek to encounter the things most people would wish to run from. All are extreme and often virgin locations. Sometimes they succeed, sometimes they fail but they will tell it as it is. No frills, no airs and no lies. Paul Green - The Psychic Biker, is possibly unique in the psychic world, a talented medium and psychic that was once an ardent sceptic. A hard-core biker that, on looks alone, should be placed on a door as a bouncer and not as an empathic psychic medium. Paul is opinionated, brutally honest and refreshing, or as he says *Attitude with Empathy*. Stephen Lambert - Extreme Ghost Hunter, is a seasoned investigator of the paranormal. Stephen has spent a great deal of time at many locations alone on solo vigils. He is a firm believer in taking ghost hunting back to the basics, with a no nonsense outlook on seeking out the unexplained. Stephen is also a talented historian that likes to combine investigation with research. <http://www.youtube.com/user/ExtremeGhostHunting>
