

Interview With Death: A Handbook to the Hereafter

Only God knows the unseen, but He has left us step by step clues, in the form of the Divine Scriptures, as to what happens to us after death. Remembrance of those steps is our greatest weapon in the struggle to hold onto the straight path, and this realistic, first person reenactment of the stages of death, the grave, resurrection, and our eventual reward or punishment is a necessary reminder. Let other people keep their travel books of faraway places on the coffee table; this book is a compelling alternative so that our once-in-a-lifetime voyage has the best of outcomes in the land of light and beauty never-ending. This is an invitation for you to join in as we take the guided tour every human soul has a ticket for, the ultimate journey from Earth to the Heavens. May your quest be successful!
