

Beyond The River Styx

Sai Naveens life has been an anticipation of death. Raised in the soot covered city, it is the only thing promised. No parents. No safety. No hope. The poor girl thought that it couldnt get any worse. Then it happened. Sai showed little concern towards the bodies suddenly appearing in the nearby river. She had learned to disconnect herself from the fragility of the human existence. But her plan of emotional removal is foiled when she finds herself drenched in the very blood that would tie her to the ring of murders. It stained her body just as her unknown presence would stain the town of Infern.
