

On and Off the Field: Fu?ballkultur in England und Deutschland Football Culture in England and Germany (German Edition)

Der vorliegende Band analysiert das sich wandelnde Fu?ballspiel in Deutschland und England vor dem Hintergrund der Frage: Lasst sich im Kontext des globalisierten, postmodernen Fu?ballspiels noch von nationalen Fu?ballkulturen sprechen, die sich deutlich voneinander unterscheiden? Die deutschen und englischen Beitrage betrachten dazu eine Reihe unterschiedlicher Phänomene, wie etwa die soziale Herkunft der Fans, kommerzielle Einflüsse, Frauenfu?ball und vor allem die Rolle der Massenmedien. British and German authors analyse the changing face of football in England and Germany. The book addresses in particular the question of whether one can still speak, in the context of a globalised, postmodern game, of national football cultures that are clearly distinguishable from one another. Contributions in English and German examine a number of different phenomena such as the social background of fans, commercial influences, womens football and above all the role of the mass media.
