

'Foam unzipped the waves. I saw a crescent fin, a glass-boulder forehead. The dolphin had come back.' Swimming with dolphins is said to be the number one thing to do before you die. For 12-year-old Michael, it very nearly is. A secret boat trip has gone tragically wrong, and now he lies unconscious in hospital. But when Michael finally wakes up, he seems different. His step sister Bibi is soon convinced that he is not who he appears to be. Meanwhile, in the ocean beyond Bermuda's reefs, a group of bottlenose dolphins are astonished to discover a stranger in their midst – a boy lost and desperate to return home. Bermuda is a place of mysteries. Some believe its seas are enchanted, and the sun-drenched islands conceal a darker past, haunted with tales of lost ships. Now Bibi and Michael are finding themselves in the most extraordinary tale of all. Praise for 'The Storm Bottle': 'I loved it... A real winner.' L A Weatherly, author of the Angel Trilogy 'The Storm Bottle is that rare thing; a story that is a story, rather than something trying to fit in with the trend that publishers happen to believe in this month.'
