

Text

The planet Earth is part of the Physical Universe and the Physical Universe is part of a System of Universes (commonly called planes), some of which exist under the compartmentalizing quality called time.

There are two organizational codes for the System of Universes: 666 and 704. The code 666 is the structural code for the so-called Lower Worlds, which include Earth. These worlds are under the administration of Satan, whose proper name is Kal Niranjan. The code 704 is the organizational code for the entire Universe system (the Lower and Higher Worlds combined) and basically means seven over four, as there are seven Spiritual planes and four planes of Lower Creation. The administrator of the entire Universe system lives in that area of space beyond logic, nomenclature, and mental activities. Intensely loving and benevolent, it has no name. The code 704, with letters for the numbers 7 and 4, spells GOD. This is not a name but the structural code for the complete Universe system, which collectively is created and maintained by GOD. Now, we will get into this in a bit more detail...
