

The Airsoft Bible: Book of Comm

Combat Communications. Not as glamorous or as intimidating as weapons, but without it you are rabble, easy prey for the team of professional warriors who use and understand the art of battle field communications. This book covers the art of battle field communication at the small unit tactical level and battlefield level. It lists methods, techniques, tricks, equipment and best practices. It covers radios, hand arm signals, hand signals, challenge and passwords, proper and effective radio communications and more. For the Airsoft and Paintball warrior this books covers simple to advanced concepts, with tips, tricks and recommendations. If you dont have it your enemy probably will. Can you take that chance? This book is one of The Airsoft Bible series. Do unto others before they do unto you.
