

## The Apocalypse - The Wise Shall Understand

Although certain OT prophets addressed many of these same events, none of them revealed the whole picture, thereby leaving many details hidden. When the prophet Daniel asked the Lord for further clarification and to know how it would all end, the Lord commanded him to go his way, for the words are closed up and sealed till the time of the end. . . . none of the wicked shall understand; but the wise shall understand. It is now the end time and The Apocalypse of Jesus Christ, The Revelation, has been given that the wise should understand. The current state of the world has many in distress. The persistent political instability in the Middle-East, threats of nuclear war, a failing global economy with a strong push for a one-world government, the collective decay of morals, social unrest and rebellious peoples in many countries, as well as increased natural disasters have many people, worldwide, in great consternation, concerned for the worlds future. But these are all expected scenarios to those who understand these timesthe last days before our Lord Jesus returns to earth.
