

The Breathing Cathedral: Feeling Our Way into a Living Cosmos

Heynemans panoramic vision of a cosmic spiritual ecology is achieved through an unusual balance between practical observation, vigorous knowledge of literature and science and inspired personal insight. She leads her reader past explanation, through knowledge, to exceptional opportunities for understanding of our role in the cosmos. All of this hinges on her ability to relate her practice and understanding of Gurdjieffs teaching to international legacies of literature and science. (J. Walter Driscoll, Gurdjieff: A Reading Guide)
