

# The British Christian Womens Movement: A Rehabilitation of Eve (Ashgate New Critical Thinking in Religion, Theology and Biblical Studies)

This book presents a timely study of a neglected British Christian womens movement. Jenny Daggars charts the inception of the movement in the exciting times of the post-sixties decades, amid new currents generated in the British denominational churches, and the wider current of Womens Liberation. Focusing on Christian womens concern with the position of women in the church, this book identifies a core Christian womens theology which affirms a (rehabilitated) new Eve in Christ, and so contrasts with a concurrent paradigm shift taking shape in North American feminist theology. Daggars argues that this divergence is primarily due to the effect of the prolonged Church of England womens ordination debate upon the ethos of the British Christian womens movement.
