

Mary and Nel were known for being close. Throughout the years the two of them zig-zagged the country as the rock duo The Chairs they never spent more than a day or two apart. That is until Mary mysteriously appears in a new city having given up her music, fame, and friends. She wants nothing more than to work her lousy job and be left alone, but the two people who just showed up on her doorstep are determined to make sure wont happen. The Chairs Hiatus is the first graphic novel from cartoonist Matthew Bogart. “Matthew Bogarts The Chairs Hiatus is uncluttered in its story, quiet in its telling, and lovely in the time it spends with you. It illustrates its human moments by enveloping us in the larger spaces we are surrounded by. I felt like I was using a telescope to read a comic taking gentle steps forward into something big and small at the same time.” -Anis Mojgani 2-time National Poetry Slam champion and author of The Feather Room “The Chairs Hiatus is a kind of comic I’d like to see more often – a small, human story about how people hurt each other without meaning to. Matthew Bogart’s intelligent, graceful cartooning is a pleasure to read.” - Barry Deutsch author of Hereville
