

Memoirs of a Dinosaur Mountaineer

Memoirs of a Dinosaur Mountaineer brings to the reader the life and times of mountaineer, geologist, and artist, Dee Molenaar. We read about Molenaars childhood, growing up in the hills and on the beaches of southern California in the early 1900s. Later we travel with Molenaar across six continents - to the summits of Mount Saint Elias, Mount Kennedy, and the Matterhorn; to 25,000 on K2; to Antarctica; to Australia, to Peru; and to the base of Everest. Dee Molenaar has lived a most interesting and extraordinary life, and this book allows us all the opportunity of sharing it with him. - Karen Molenaar Terrell
