

## The Color of Success

Success starts with how you see yourself. The choices you make, however subtle they appear at the time, accumulate and create the person you become. Start now and make the best color choices for your success... How do you choose color? What do your choices say about you? Can't decide- you pick what's popular? Are you playing it safe by wearing black? Does it matter what color car you drive? Why should you care what color your bedroom is? Wish someone would tell you what you don't know? Mary Ellen gives you the clear picture about your color-filled world. Let her guide your journey past the rainbow of choices. Learn to be in control of color's hypnotic power to influence. What you will learn: 6 ways to boost your success instantly with color. 3 signs you're a color victim. The truth about basic black. When is more color less appealing? Turn yourself into a success magnet with high impact color.
