

The Coming of the Son of Man: New Testament Eschatology for an Emerging Church

Tracing the powerful motif of the coming of the Son of Man from Daniel through to Revelation, Andrew Perriman provides thought-provoking ideas about eschatological narrative. By seeing the fulfillment of much of New Testament apocalyptic in events of the first centuries, Perriman proposes that in some important sense we have moved beyond eschatology into an age of renewal. The Coming of the Son of Man is important reading for those who want to engage in the debate concerning what church is and will be.
