

The Essential Belloc: A Prophet for Our Times

Hilaire Belloc was a poet, polemicist, and prose stylist without peer, but above all, an entire generations mighty champion for the Catholic faith. He was a prolific historian who authored many important works such as *How the Reformation Happened*, *Europe and the Faith*, and *The Crusades*. *The Essential Belloc*, a timely new compilation of his insights on religion, politics, Western history and culture, is perfect for Catholics struggling against secularism. Included are his lighter musings on the particular charms of towns and peoples throughout the world, the love of good food and drink, and the songs of camaraderie that go with them. This is the perfect book for those who know and love Belloc and for those not yet familiar with the brilliance and humor found in his prose. New from Saint Benedict Press.
