

The Unwanted Present

The Unwanted Gift is a delightful childrens book, for boys and girls of all ages, written by the great story teller Chris Field. The story tells of an orphanage where children are given their choice of toys from the local toy shop. But the matter of character development is seen when greedy, selfish children get presents that do not make them happy. The toy shop owner is a kind man who has a surprise gift for every child, if only they would choose the unwanted gift. This heart-warming story teaches children that what is shown on TV may not be as impressive as it looks, and there is value in unexpected places. Help your child learn godly character and faith in Jesus Christ by sharing this delightful childrens story with them. This is an original story written to speak to the heart of a child and give parents and teachers opportunity to guide children to wisdom and insight that will bless their life. Chris Field is a popular story teller and his allegories, stories, articles and insights have been published on his blog site, www.ChrisFieldBlog.com and via the Family Horizons website at www.FamilyHorizons.net among other places. The joy of Christmas is also a time to remember the reason for the season and to put Jesus Christ in His rightful place as the centrepiece of Christmas. All the distractions of presents, Christmas dinner, family gatherings and festivities can take our eyes off the Christ of Christmas. Chris Fields delightful Christmas tale, The Unwanted Present, brings attention back to Jesus as the reason for the season. Jesus is Gods gift to mankind. For some Jesus is an unwanted gift. Some think that chasing their own empty ideas of happiness is a far better thing to do than to accept the wonderful grace of God provided for us in Jesus. And all good childrens stories have a happy ending. The Unwanted Present has a charming and unexpected ending that will bless the heart of your child and fill them with warm feelings of goodness and

kindness. The tale will inspire your child's heart, open his eyes, instruct his mind and charm his senses. Boys and girls will be inspired by the idea of good things coming to those who make wise choices. Bless your child and the children you meet with this delightful allegory and sweet tempered tale of children who end up being blessed, when they thought they were going to miss out altogether. The Unwanted Present by Chris Field is a story to tell and re-tell, read and re-read to your children not just at Christmas, but all year round.
