

Women the world over waste too much time trying to turn unchangeable men into great boyfriends. Psychologist Cooper Lawrence shows readers how to change the ones worth keeping, and get over those who aren't. More important, she teaches them how to differentiate between a Fixer Upper and a Money Pit, to grab onto the former, and to run screaming from the latter. The best part about Lawrence's tips is that they can be carried out with such finesse that a Fixer Upper won't even know what's happening to him. Hell go from good to great in no time
