

The God Principle : A Story of Amazing Connections between Natural and Spiritual Realms

All the truths of all the worlds are written all around us. Their manifestations permeate the natural, the spiritual and all walks of life. They carry surprising answers to life's most profound questions. They are like truths hidden in plain sight - the ultimate camouflage - which have mystified many. The God Principle tells the story of Aliyah and her persistent search for the meaning and purpose of Being, Becoming and Beyond. Her eventful journey leads her to glimpses of profound truths about life and the universe - revealing themselves as incredible, but absolutely real correlations between natural and spiritual phenomena. She discovers that Natural and Spiritual Truths are One - they are like reflections or mirror images of each other.
