

Poverty to Potential

Poverty to Potential is a detailed guide about how to become successful and well-balanced in personal relationships, career transition, managing finances, and family. Since all these areas affect each other, I believe they should all be examined. I want to help you start right now, making better choices for your life. Choices that will contribute to your future, not destroy it. Choices that will add to your career plans, not delay them. If you have the past few years regretting decisions youve made, it may be time to evaluate your priorities and make some boundaries. This book simply contains practical suggestions for making decisions to assist you in reaching your life goals.
