

## How To Recover Your Inner Flirt

Could you use more fun, passion and excitement in your life? (Silly question, I know. Seriously, who couldn't?) Whether you are a stone faced single who can't figure out why dating isn't more fun or a married chick who KNOWS that life isn't supposed to feel like a trip to Dullsville, its time to open up, discover your personal flirt formula and discover your sweet and sassy self. It doesn't matter what your present situation is, aligning yourself with your Inner FLIRT will bring more joy, passion and pleasure to your life. Discovering your Inner FLIRT will propel you to bounce out of bed in the morning...or take a quick bounce in it, take on the day like a battering ram with cherry lipstick and collapse into bed at night a heap of blissful happiness. In short, getting intimate with your personal brand of flirting can take you from a blah, bored and ho hum life to a spunky, flirty, fun and adventurous one.
