

## The Katerina Trilogy, Vol. II: The Unfailing Light

Lush and opulent, romantic and sinister, The Unfailing Light, Volume II in The Katerina Trilogy, reimagines the lives of Russias aristocracy in a fabulously intoxicating and page-turning fantasy. Having had no choice but to use her power has a necromancer to save Russia from dark forces, Katerina Alexandrovna, Duchess of Oldenburg, now wants to forget that she ever used her special powers. Shes about to set off to pursue her lifelong dream of attending medical school when she discovers that Russias arch nemesis--who she thought shed destroyed--is still alive. So on imperial orders, Katerina remains at her old finishing school. Shell be safe there, because the empress has cast a potent spell to protect it against the vampires and revenants who are bent on toppling the tsar and using Katerina for their own gains. But to Katerinas horror, the spell unleashes a vengeful ghost within the school, a ghost more dangerous than any creature trying to get in. Katerinas first-person voice is smart and believable, fitting well into this atmospheric romance.--Kirkus Reviews From the Hardcover edition.
