

## The Kurdles

In this all-ages graphic novel, Sally the Teddy Bear gets separated from her family and encounters a town that just might grow legs and run away! Sally is a teddy bear who gets separated from her owner while on a drive in the country. Desperate to find her way home, she stumbles upon Kurdleton, home to a most peculiar group of characters in the midst of a crisis: their forest house has grown hair, eyes, and a mouth! The creatures work with their new friend to keep Kurdleton from growing legs and running away! Goodin, an animation industry veteran, delivers a timeless classic in his debut graphic novel, introducing an unforgettable and charming cast of characters. Printed in an oversized format to showcase Goodin's stunning, hand-painted artwork, *The Kurdles* will capture the imagination of all ages. Full color illustrations throughout
