

A unique mash-up of Alex (Three Musketeers) Dumas and Alex (Flash Gordon) Raymond. After his existential thriller (Why Are You Doing This?), his Parisian famous-writers crime caper (The Left Bank Gang), and his time-travel story (I Killed Adolf Hitler), Jasons fourth full-color album may feature his loopyest premise yet. Set in the present, The Last Musketeer stars the by-now centuries old (for no explained reason...and it doesnt matter) musketeer Athos, who has been reduced to a suavely dressed but useless near-panhandler trading on his now almost extinct fame. (Aramis has forsaken his musketeering ways, and Porthos...well, Porthos isnt around any more. Dont ask.) All this changes when one day the Martians attack Earth. Suddenly there is a need for swashes to be buckled, and Athos leaps back into the fray with a vengeance. Robots, evil alien emperors, beautiful alien princesses, rayguns vs. swords, treachery, secret corridors, insanely cool-looking robots...The Last Musketeer is vintage sci-fi adventure with a unique twist from an internationally acclaimed cartoonist.
