Dr. Williams has been performing research into the Law of Attraction for several years now and the techniques he has provided in this book, if applied correctly, will change your life. The following is two testimonials from people who have had their lives change for the better. Lori from Washington, I have read several other books on the Law of Attraction but could not get the Attraction principles to do much of anything in my life. I was wondering what I was doing wrong. Then I purchased Dr. Williams book and found out what was really going on. Once I understood how the Law of Attraction worked I was able to apply the techniques in Dr. Williamss book and it was as if a new world opened to me. Needless to say I started attracting more than I could have ever imagined. Thank you Dr. Williams for changing my life for the better. Thomas from Ohio, Dr. Williams I am writing you to let you know that your book really changed my life for the better. I was always skeptical about the Law of Attraction and thought is was a bunch of malarkey, but a friend of mine

gave me a copy of your book, and thank God it was not one of those 400 page books that take forever to read, so I took a shoot and read it. Well now! Once I understood how the Law of Attraction worked through Dr. Williams down to earth explanations of the subject matter I was able to understand and apply the techniques in the book. My entire life change for the better and I got the promotion I was going for, the car I wanted and much more. I would tell everyone to buy a copy of this book. Thank you Dr. Williams for helping make my life better and the people around me lives better also.
