

## Children Of The Blessing (The Lemurian Chronicles Book 1)

When key events prophesied thousands of years ago finally take place, those who lust for power will do anything they must to take control even if that means killing the children of the blessing. The children of the blessing have never met. Renn wanted to be a farmer and Avaris a warrior, but their birth and blessing set an ancient prophecy in motion that promises to shift the balance of power on the continent of Lemuria. The two boys' dreams and innocence are shattered by those determined to influence the events to come and seize power for themselves. When loved ones are killed and homes destroyed, both boys must flee from horrifying creatures and powerful magic users. Renn has to cross the continent to reach the safety of Elder Island where he can receive training from the Lore Masters; Avaris decides to follow the evil creatures that have ruined his life to caves beneath the Cragg Mountains where the surviving members of his tribe have been forced into slave labor. The Grand Warlock, Kahn Devin, has determined that both boys will either join with him or die. The Children of the Blessing is the first book in the epic fantasy series called: The Lemurian Chronicles. The author does a phenomenal job in creating for the reader a magical world that is both suspenseful and compelling. I love a book that can seamlessly blend my reality with its world of fantasy and magic. Perry Morris's book, Children of the Blessing, does just that.

--Peg Glover, Write-Escape.com If you like epic fantasy sagas, this is the book for you. It is a great read and I could not put it down.
