

After a hurricane destroys her home, Lily Jordan is ready for life to get back to normal. That would be easy if her mother's recent engagement hadn't landed her in a house along Southeast Texas' most haunted ghost road. The secluded scenic road is steeped in rich history and legends, but when Lily is given an old diary on her birthday, will she find that those legends hold more for her future than she's bargained for? With the help of new friends, Hunter and Owen, and forbidden love, Talon, will she uncover dark secrets from the past and find the key to her own gifts? Is it fate or circumstance that brought Lily to her new home? Normal gives way to the paranormal in book one of the Light Keeper series where mystery and suspense keeps you guessing until the very last page.
