

The Mammoth Book Of Everest: From the first attempts to today, 40 first-hand accounts (Mammoth Books)

This selection of the very best writing on Everest begins with the first attempts and continues, via Mallory's failed bid and Hillary and Tenzings triumph, to the disasters of recent years. It features 35 white-knuckle accounts of climbing on the world's highest mountain, with all the tragedy and triumph of humankind striving for the top of the world, by those who know the Death Zone best - the climbers themselves. But this is much more than just the best of exhilarating first-hand accounts of climbing on Everest. It includes the full history of the conquest of Everest, and provides an evocative portrait of the cruel, natural beauty of Chomolungma, The Mother Goddess of the World.
